R9 CICs David Yogi and Secody Hubbard participated in Navajo Incident Command meeting in Shiprock at 1800 the evening of 8/11. Previous Incident Command leadership (Dave Nez, Harlan Cleveland et al.) relocated this afternoon to the Window Rock EOC, and this meeting was the first hosted by the new leadership. Incident command provided an update on work today to reach Navajo chapters along the San Juan River. As of today, 10 of the 11 chapters had been reached via door-to-door outreach by a number of teams comprised of 17-30 volunteers led by Community Health Representatives. R9 CI will continue to reach out to Navajo IC as work continues to characterize the river and disseminate information about sampling results and next steps.
